

An abstract painting featuring a large, pale yellow face with closed eyes. A surgical incision, depicted with a grey scalpel, is shown on the lower part of the face, revealing a red interior. A red umbilical cord connects this area to a red, bean-shaped structure containing a white fetus-like figure. To the left of the face are two small, orange, pill-shaped objects with black markings. The background is a mix of yellow, orange, and dark purple/red tones with various abstract shapes and textures.

A CASA DE luatrix ROSÁRIO

Resumo de A Casa de Rosário

A casa de Rosário entranha-se em memórias distorcidas, silêncios recortados, temperos que se misturam a vozes e a corpos que se lêem entre literatura e sensualidade.
