

50
YEARS

...the pharmaceutical industry has been a major force in the development of the modern economy. It has created a vast network of research and development centers, and has provided the world with a wide range of new drugs and medical devices. The industry's success is a testament to the power of innovation and the importance of intellectual property protection. In the years since its founding, the industry has grown from a small, local enterprise to a global powerhouse, with a presence in every major market. Its products have saved countless lives and improved the quality of life for millions of people. The industry's commitment to research and development has led to the discovery of many of the most important medicines of our time, and its continued investment in innovation ensures that it will continue to be a leading force in the future of medicine.

Resumo de A Sociedade Anonima E Mercado De Valores Mobiliarios

O presente trabalho atingiu plenamente seu objetivo. Resultado de experiência do Autor como professor advogado de empresas e de instituições do Mercado de Capitais transformou-se em obra de inegável utilidade para estudantes profissionais de Direito e para administradores de sociedades anônimas.
