## Resumo de Amaryllis

Amaryllis Lark is undeniably beautiful. She's also one of the best psychic detectives on St. Helen's, the earth colony recently cut off from the mother planet. A bold hunch leads her from a wild murder investigation into a red-hot love affair with the rugged head of Lodestar Exploration, Lucas Trent--and no power on heaven, earth, or St.

Helen's can keep them apart. This is the first installment in Castle's futuristic series.
