"Recapturing that ultimate chill going up your spine the Aliens movies created isn't easy. Caliban from Garth Ennis and Facundo Percio does a damned fine job in that regard." -- Kirkus The crew of the mining ship Caliban is on a routine mission deep in the universe and confident that nothing outside the normal humdrum monotony of space travel will occur.

But when they encounter an alien vessel their dreams of a simple mission turn into a nightmare unfolding along the lonely corridors of the cold steel ship. Something is stalking them and systematically eliminating the few remaining personnel one by one.

How can you fight something you can't even understand? Claustrophobic terror grips the crew now as they attempt to escape the thing that has waited patiently for them to eventually arrive in the vast lonely darkness.

No one is safe in deep space. Revolutionary comics writer Garth Ennis (Preacher, Crossed) takes you down a desolate corridor with the type of high tension paranoid storytelling that will leave a lasting mark on you.

Beautifully illustrated by Facundo Pericio (Fashion Beast), Caliban is a must read for horror and sci-fi fans alike. This volume collects the Caliban #1 - 7 comic book series.
