CHIMERA

A JIM CHAPEL MISSION

Resumo de Chimera

Afghanistan veteran Jim Chapel has been enlisted in a new war, this time in his own backyard . . . A band of fugitives has escaped from a secret military facility.

Each has a target--an innocent civilian--and they will not stop until that target has been eliminated. Wounded Special Forces veteran Jim Chapel has been stuck behind a desk, but now medical technology has finally caught up with Chapel's ambitions, and combined with his unstoppable determination he'll get back to where he thrives: in the thick of the action. Chapel must hunt down the escapees--all extremely deadly, genetically modified killers--and unravel the mystery behind their existence.

Aided by a mysterious woman named Angel and a courageous, beautiful veterinarian, Chapel begins a cross-country hunt to stop the murders. But are the killers really rogues, or are they part of a sinister conspiracy that reaches to the highest levels?
