NEW KRYPTON

COLLECTION

Resumo de Codename: Patriot

Superman's pal Jimmy Olsen takes center stage in this new collection. With The Man of Steel temporarily out of the picture following the events of SUPERMAN: NEW KRYPTON, Jimmy must put together the pieces regarding the mysterious Project 7734, and it's worse than he imagined.

Thankfully he has the help of alien hero Mon-El and Steel's niece Natasha Irons — but will they be enough to defeat Codename: Assassin?
