Resumo de Dateable: Are They? Are You?

You wanna know who to date? More importantly, you wanna know how to be the kind of person other people want to date? In this really practical book, Justin Lookadoo gives advice on how to avoid the mistakes most people make in their dating lives, and how to be a successful person while you're dating.

The key to it all is character. Lookadoo teaches teens how to have godly character and still maintain healthy dating relationships.
