

#1 *NEW YORK TIMES* BESTSELLING AUTHOR

SANDRA

ENVY

BROWN

Resumo de Envy

Sandra Brown, the #1 New York Times bestselling author, keeps readers turning pages with an explosive tale of a long-ago crime and the victim's plan for revenge...When New York publisher Maris Matherly Reed receives a tantalizing manuscript from someone identified only as P.M.E., its blockbuster potential-and perhaps something else-compels her to meet its author.

On an eerie, ruined cotton plantation on a remote Georgia island she finds Parker Evans, a man concealing his identity and his past. Maris is drawn into his tale of two young friends and a deadly betrayal ...

and to Parker himself. But there's something especially chilling about this novel, its possible connection to Maris's own life, and the real-life character who uses her, or anyone, to get what he wants.
