## Resumo de From the Dead

Marc Spector is Moon Knight! Or is he? It's hard to tell these days, especially when New York's wildest vigilante protects the street with two-fisted justice and three - that's right, count 'em - three different personalities!

But even with the mystical force of Egyptian moongod Khonshu fueling his crusade, how does the night's greatest detective save a city that's as twisted as he is? The road to victory is going to hurt.

A lot. Be here as Moon Knight punches ghosts(!), investigates a sleep experiment that's driving its patients insane, travels to the mushroom graveyard planet(!!), and takes on twenty mob enforcers to save an abductee...alone.

Marvel's most mind-bending adventure begins now as Moon Knight sleuths his way to the rotten core of New York's most bizarre mysteries! COLLECTING: MOON KNIGHT 1-6
