Resumo de Head First Pmp

Now updated for the 2016 PMP exam Learn the latest principles and certification objectives in "The PMBOK(r) Guide," (Fifth Version), in a unique and inspiring way with "Head First PMP." This book helps you prepare for the PMP certification exam using a visually rich format designed for the way your brain works.

You'll find a full-length sample exam included inside the book. More than just proof of passing a test, a PMP certification means that you have the knowledge to solve most common project problems.

But studying for a difficult four-hour exam on project management isn't easy, even for experienced project managers. Drawing on the latest research in neurobiology, cognitive science, and learning theory, "Head First PMP" offers you a multi-sensory experience that helps the material stick, not a text-heavy approach that puts you to sleep. This book will help you: Learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors Get 100% coverage of the latest principles and certification objectives in The PMBOK Guide, Fifth Edition Make use of a thorough and effective preparation guide with hundreds of practice questions and exam strategies Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining "Head First PMP" puts project management principles into context to help you understand, remember, and apply them not just on the exam, but also on the job."
