INFECTED

a novel

SCOTT SIGLER

Resumo de Infected

A terrifying thriller that will crawl beneath your skin . . . and leave fresh blood on every page. A mysterious disease is turning thousands of ordinary Americans into raving, paranoid murderers who inflict brutal horrors on strangers, their own families, and even themselves.

And one morning, ex football star Perry Dawsey awakens to find mysterious welts growing all over his body. Soon Perry finds himself acting and thinking strangely, hearing voices, fighting uncontrollable rage .

. . he is infected. Worse, the disease wants something from him, something that could alter the fate of the human race."
