Resumo de John Constantine: Hellblazer Vol. 13

In this collection, John Constantine grapples with regrets and resurrections. First, he must face the consequences of his past actions when he's revisited by the enraged Little Ronnie--living proof of the hazards reaped when magic is used to revive the dead.

Then, Constantine trudges through the bleakest corners of London to investigate the horrific death of a former girlfriend. New revelations about the past provoke a lust for revenge that will not be easily won. This graphic novel features stories from some of the best talents in comics, including Paul Jenkins (Inhumans) and Garth Ennis (PREACHER)!

Collects JOHN CONSTANTINE, HELLBLAZER #129-141.
