Resumo de Meta-Cation Volumes I, II & III: Education about Education with Neuro-Linguistic Programming

This is the classic three volume series on Neuro-Linguistic Programming (NLP) in education. It shows and tells the teacher, parent, or helping professional how kids learn, and what to do when they don't, including practical real-life examples, explanations and exercises.

These volumes give a thorough introduction to NLP technology and will help raise the skill level of anyone who works with kids.
