Resumo de Nineteen Eighty-Four

Thought Police. Big Brother. Orwellian. These words have entered our vocabulary because of George Orwell's classic dystopian novel, 1984. The story of one man's nightmare odyssey as he pursues a forbidden love affair through a world ruled by warring states and a power structure that controls not only information but also individual thought and memory, 1984 is a prophetic, haunting tale.

More relevant than ever before, 1984 exposes the worst crimes imaginable-the destruction of truth, freedom, and individuality. With a new forward by Thomas Pynchon.
