Resumo de Out There Vol. 3

The final chapter in this action packed supernatural trilogy concludes. The entire town of El Dorado City bricks, boards and human occupants has been transported to the mystical wasteland of evil Draedalus's domain.

With the minions of all realms running wild, our heroes must band together if they are to save their families and friends. From acclaimed creators Humberto Ramos ("Spider-Man") and Brian Augustyn ("Batman: Gotham by Gaslight") comes the final volume of "Out There." Collected in trade paperback for the first time ever, this volume includes a brand-new epilogue and an original cover illustrated by Humberto Ramos."
