With more than 500,000 books sold, celebrated nature photographer Art Wolfe recounts the stories and techniques behind the images of his forty-year career around the world. Legendary photographer Art Wolfe presents an intimate behind-the-scenes guide to the experiences, decisions, and methods that have influenced forty years of stunning images captured around the world.

Wolfe and co-author Rob Sheppard transport readers on a global journey, while carrying on a dialog about photography, tools and process, world travel, close calls, and photographic opportunities both taken and missed.

From the rich sights and smells of the Pushkar Camel Fair to the exact moment when a polar bear and her cubs leave their arctic den, "Photographs from the Edge" represents the instances when circumstance, light, and subject miraculously collide to form an iconic image.

Many of these photographs can never be duplicated as cultures and landscapes are transformed and wildlife diminishes or disappears all together. No matter his subject, Wolfe regales us with the stories behind the photographs and helps us experience life on the world's most unique photo safari.

"Photographs from the Edge" is a lifetime of experience distilled into a rich photographic education."
