POLARIS

The background of the cover is a deep blue underwater scene. A submarine is visible, angled upwards from the bottom left towards the top right. A missile is being launched from the submarine's deck, trailing a bright orange and yellow flame. A large, billowing cloud of white smoke or steam rises from the launch point. Overlaid on the scene are several red laser lines and a red target reticle with a central bullseye, aimed at the missile launch area. The overall aesthetic is high-tech and action-oriented.

Resumo de Polaris

One day in the not-too-distant future, Pete Hamlin regains consciousness deep inside the nuclear submarine Polaris. He's got a gun in his hand, a fire raging outside his door, and a dead man at his feet.

Soon Pete discovers that the ship is in the middle of a mutiny - and he has no idea what side he's on. He finds the ship is now commanded by the beautiful but volatile Hana Moody.

She's locked the former captain, Finn McCallister, inside a steel trunk, accusing him of treason. Frank Holmes is Moody's loyalist, an imposing physical presence who shares Moody's unquestioning devotion to the cause of the Alliance.

The ship's feckless doctor hovers in the background, unable to help Pete find out the truth about the Polaris. And outside the ship's steel hull lurks another submarine, yet another presence that might be either friend or deadly foe. To save himself and discover the truth, Pete must journey with Polaris back to a forlorn piece of rock in the middle of a dangerous ocean: Eris Island.

To get there he must fight murderous shipmates, a swarm of bomb-dropping drones, and a plague that is attacking everyone on both sides of a battle that Pete barely understands.

Only on Eris Island does Hamlin finally learn the truth.
