BEYOND IMAGINATION LIES THE TRUTH

Susan Michaels

WITH A FOREWORD BY TIM WHITE, HOST OF SIGHTINGS

## Resumo de Sightings

For the first time in print, Sightings explores: \* A bizarre haunting in which a family is tormented by the vengeful ghost of a little girl. \* A terrifying story of a UFO sighting, missing time, and alien abduction, as vividly recalled by twin brothers.

\* Controversial cases of spontaneous human combustion. Packed with never-before-published photographs, Sightings confronts the uncanny and proves once again that truth is stranger than fiction.
