

THEY RUN FASTER THAN YOU CAN IMAGINE

SLEEP

BOOK I OF THE ENLIGHT TRILOGY

WILLIAM AUSTIN KING

Resumo de Sleep

Jonah Skyi, blind since the age of fourteen, has been learning to adapt to the world of sheer darkness after losing his parents in a battle between an unknown force.

Fortunately, he was spared for a reason that remained convoluted from years of unanswered questions. But while helping Rein and Mike complete a film project, a gate opens to reveal some of those answers.

His vision is soon promised to be reinstated; the relationships with everyone around him will be redeemed-a deal that seems too good to be true. Subsequently, the cards begin soon show their true meaning as he finds himself thrown into a game of life, mystery, secrets, and death between rebellious Guardian Angels known as, "The Spectators," and others that have found themselves in the same predicament.

Forced into a world of tangled lies, Jonah must decipher between reality and his dreams. But Jonah has something that is unique-something that would be considered an act of insurgence.

Little does he know, this is the beginning of something that should have never been tampered with. Secrets are unraveling the past to unveil an ancient secret brotherhood like no other, and he might just hold the key for their eternity.
