

THE COLLECTED
LETTERS OF
THOMAS
HARDY

VOLUME SEVEN

1926-1927

Edited by
Richard Little Purdy
and
Michael Millgate

Resumo de The Collected Letters of Thomas Hardy: Volume 7: 1926-1927 (with Addenda, Corrigenda, and General Index)

This seventh and final volume of the definitive edition of Thomas Hardy's letters contains more than 350 letters, most never before published, written during the last two years of Hardy's life.

In addition to the usual scrupulous annotation and extensive cross-referencing, chronology, and recipient index, this final volume contains a number of earlier letters that became available too late to be included in earlier editions and a General Index covering texts and annotations found throughout the series.
