THE COMPLETE IDIOT'S GUIDE® TO

"A friendly,
informative and
'thorough' guide to
Microsoft's newest
iteration of
consumer Windows."
—Serdar Yegulalp,
Windows Magazine
(WinMag.Com)

Microsoft®

Windows® Me

Millennium
Edition

- ◆ **The quick and easy way** to get up and running with Windows Millennium
- ◆ **Idiot-proof steps** on such things as networking PC's and using scanners
- ◆ **Down-to-earth advice** on taking advantage of Internet Explorer, Outlook Express™, and MSN Messenger Service

Paul McFedries

Resumo de The Complete Idiot's Guide to Microsoft Windows Me

If you one day sit down at your desk to discover Windows Millennium installed on your computer, you're going to want some guidance on how to use it. The Complete Idiot's Guide to Windows "Millennium" is aimed at people who, through no fault of their own, have ended up with Microsoft's latest consumer operating system.

Computers are now an integral part of many people's lives, but that doesn't mean every user is an expert. This book uses a light, irreverent tone that engages your interest and has a little fun at Windows "Millennium's" expense.

All the new Windows "Millennium" features are covered, including personalized menus, the latest version of Internet Explorer and Outlook Express, MSN Messenger Server, networking, digital camera and scanners and more.
