

A NEW YORK TIMES Copyrighted Material BESTSELLER

*The
Foretelling*

ALICE HOFFMAN

The story of Rain—Dream Rider, born warrior, and queen-to-be.

Copyrighted Material

Resumo de The Foretelling

Now available in paperback, *The Foretelling* is a transformative story that asks many profound questions, for which there are many answers. Rain is girl of the Amazon tribe of women warriors, born in a time of blood and fear.

As the future leader of her people, she must seek and hold fast to her inner warrior. What she encounters along her poignant and harrowing path toward her destiny—a kind young man, a strange, recurrent prophecy, and a condemned baby brother—lead her, against odds, to forge mercy, love, and peace.
