Resumo de The Gatekeeper: Missy LeHand, FDR, and the Untold Story of the Partnership That Defined a Presidency

The first biography of arguably the most influential member of Franklin Delano Roosevelt's administration, Marguerite Missy LeHand, FDR's de facto chief of staff, who has been misrepresented, mischaracterized, and overlooked throughout history until now.

Widely considered the first female presidential chief of staff, Marguerite Missy LeHand was the right-hand woman to Franklin Delano Roosevelt both personally and professionally for more than twenty years. Although her official title as personal secretary was relatively humble, her power and influence were unparalleled.

Everyone in the White House knew one truth: If you wanted access to Franklin, you had to get through Missy. She was one of his most trusted advisors, affording her a unique perspective on the president that no one else could claim, and she was deeply admired and respected by Eleanor and the Roosevelt children.

With unprecedented access to Missy's family and original source materials, journalist Kathryn Smith tells the captivating and forgotten story of the intelligent, loyal, and clever woman who had a front-row seat to history in the making.

"The Gatekeeper" is a thoughtful, revealing unsung-hero story about a woman ahead of her time, the true weight of her responsibility, and the tumultuous era in which she lived and a long overdue tribute to one of the most important female figures in American history."
