THE ROOK

INTO THE FUTURE

STEVEN GRANT

PAUL GULACY

Resumo de The Rook Volume 2: Into the Future

Equipped with a pair of six-shooters, a time-travelling castle, and his android servant MAN-RS, Restin Dane must clean up the mess he's made of the time stream. To face old enemies and fix new problems, the Rook travels from San Francisco in 1967, to the time of the dinosaurs, to the far future.

Bill DuBay's time traveling adventure classic continues, with comics masters Steven Grant and Paul Gulacy at the helm.
