Resumo de Transformers: Armada Omnibus

The Decepticons, feeding off the energy of captured Mini-Cons, are about to begin a hostile takeover of the Transformers' home planet, Cybertron. Do Optimus Prime and the heroic Autobots stand a chance of defending the planet against these super-powered villains?

And will the Mini-Cons ever get their freedom back? The action is so explosive that the shockwaves will shake not only Cybertron but even planet Earth right down to the core.
