## Resumo de Virgil

Betrayed, beaten, and banished by his own, an outed cop fights his way across Jamaica to save his man and get revenge! Virgil thought he was safe on the police force, but his gun and his attitude can't protect him from his own secret - he's gay.

For thirty years he's had two lives. In the uniform he's the toughest on the street. Out of uniform he's a loving boyfriend. But when his own precinct turns on him, his worlds explodes.

They put his name in the paper, raided his house, and took his lover. They left him bleeding in the ocean. They shouldn't have left him alive. Virgil is the next era of exploitation, following in the steps of Shaft and Django Unchained.

Hard hitting crime noir given a fresh face but the same busted knuckles.
