In this collection of the classic comic strip, Mickey meets dinosaurs and more. Decades before Jurassic Park, Doc Dustibones brings Mickey to Cave-Man Island a lost world where fossil monsters survive alive!

From stampeding brontosaurus to saber-tooth tigers, all of Goofy's least favorite Stone Age scares are here... and Dustibones is building a blimp to carry them to America! What could possibly go wrong?

Floyd Gottfredson produced a canon of legendary, rip-roaring tales starring Mickey as a daring, two-fisted hero in a world-famous series of legendary adventures! Lost in Lands of Long Ago also includes several other stories and more than 30 pages of prehistoric extras!

You'll enjoy rare behind-the-scenes art, vintage publicity material, and fascinating commentary by a clan of Disney cave bears. Rediscover the wild, unforgettable personality behind the icon: Floyd Gottfredson's Mickey Mouse.
